I. General characteristics

The rubber indicator board is designed for the competition take-off board. The board fit in the space between the white take-off board and the foundation tray inside edge. It is used for training horizontal jumps.

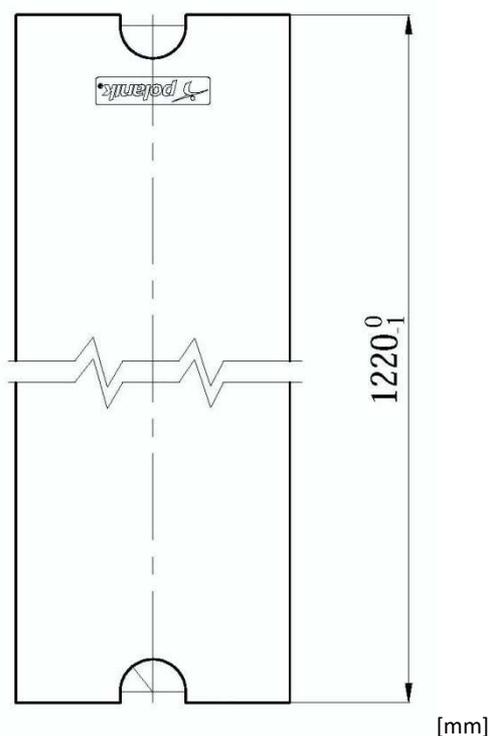

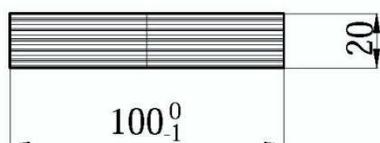

Main features of the product:

- high durability – it is made of waterproof rubber very resistible to weather conditions,
- high quality – it is cut out automatically by CNC machines.

II. Technical data

Code	LG15-250
Type	training
Colour	black
Fits	competition take-off board sets
L length [mm]	1220
B width [mm]	100
H height [mm]	20
Net weight [kg]	3,65

III. Packing and transport

The board is packed in a foil sleeve.

IV. Storing

The board is to be stored horizontally flat. Do not roll it or bend it. Do not press it with any objects while storing, it may cause it to deform permanently and change its dimensions.

V. Declaration

1) No. 2015-11-23

2) Issuer's name: POLANIK

Issuer's address: Życzliwa 11, 97-300 Piotrków Tryb.

3) Declared items

No.	Name	Code
1	Rubber indicator training board for competition take-off board sets	LG15-250

4) Technical specification described above is in accordance with the factory's internal engineering standard.
