

TECHNICAL SPECIFICATION

Quick link connector

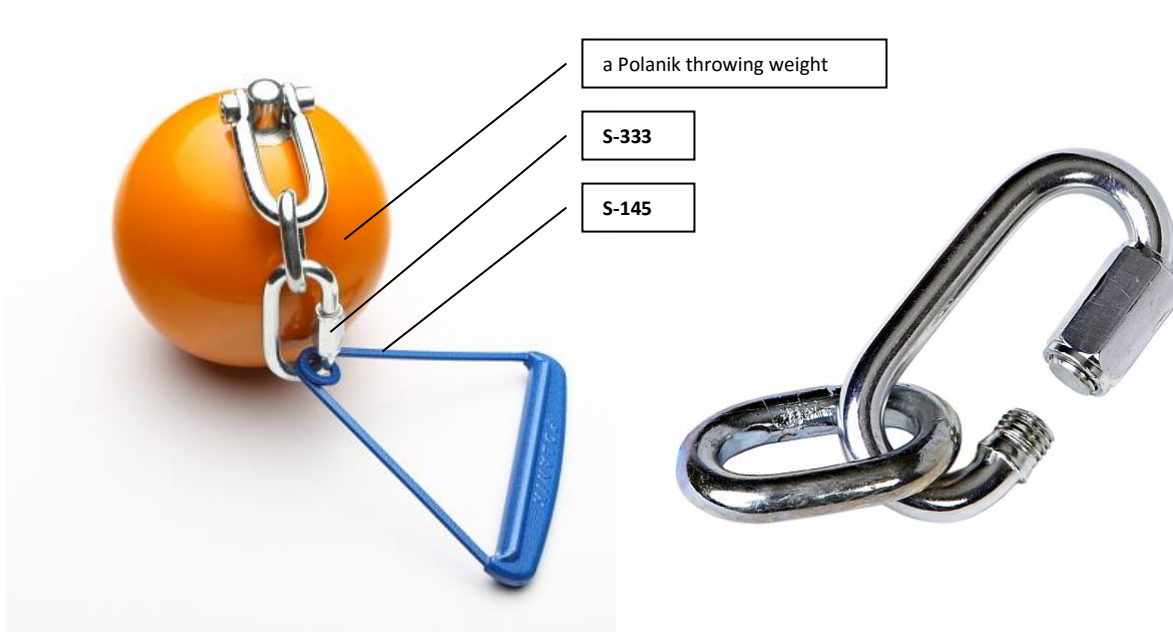

S-333

I. General description and use

The quick link connector is designed to link Polanik heavy hammer handle S-145 with a Polanik throwing weight. It must not be used as a climbing accessory.

II. Technical specification

Code	S-333
Type	training accessories
Fastening	quick link
Material	steel, galvanized
Weight [g]	108

III. Operation and maintenance

To replace the standard throwing weight handle with the connector S-333 and the handle S-145 you need to use a hex key no. 6 and a metric wrench no. 13. The connector does not require any special maintenance measures. If the connector deformation or damage appears, it must not be altered or repaired in any way – it has to be replaced with a new one.

IV. Packing and transport

The connector is foiled.
