I. General description and use

OP-S293 is a complete set of base pads for stand bases of training and competition pole vault stands STT60-S295 and STT45-S293. The set is for two stand bases. It is designed to protect a jumper from injuries if he/she hits stand bases while jumping.

II. Technical specification

Code	OP-S293
Type	soft pad
Covering	PVC, made of polyester with two vinyl layers
Insert	high quality PUR foam
Fastening	Velcro® belts
Dimensions [mm] length/width/height/thickness	1620/610/180/50
Set weight [kg]	9,00

III. Operation and maintenance

Despite keeping the pads clean they do not require any additional maintenance works. During idle periods the pads should be stored in a dry roofed place.

IV. Packing and transport

The set is delivered in parts packed individually in foil.
